The Provincial Pole Advantage

A wide range of products and services

Since its inception in 1991 Provincial Pole Specialists Inc. has prided itself on providing its customers with a comprehensive yet cost effective pole maintenance service. Being the largest pole maintenance company in Canada gives us the ability to offer our customers not only a proven track record of outstanding products and services, but also the versatility to adapt to the ever changing Utility Industry. This combination of proven reliability and versatility makes Provincial Pole Specialists Inc. the right choice.

Responsible

We pride ourselves on our unwavering commitment to safety. At Provincial Pole Specialists Inc. our employees adhere to the strictest safety standards in the industry and undergo regular training and supervision that keep us ahead of the competition.

Cost Effective

Provincial Pole Specialists Inc. understands the demands on your maintenance budgets. Our programs offer you the most cost effective maintenance in the industry.

Comprehensive

Our reputation as an industry leader has been built on dependability and expertise. In addition to our unmatched pole maintenance program, we have added information collection, which is valuable in today's market.

Our Staff

The ability of a company to provide accurate and dependable service is only as good as the employees performing these jobs. That is why we take great pride in hiring and maintaining professionals.

Employee owned for quality of workmanship.
